

# To apply Bow Stickers onto hull:

1- Make sure hull is clean!!! (clean and let dry) Acetone?

2- Position graphics on hull, check rules!!!

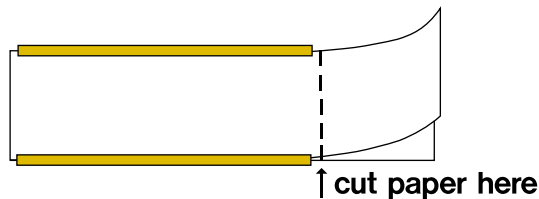

3- Tape along two third's of top and bottom edges of bow decal.

**# 3**

4a- Lift up, peel back sticker, and cut off the loose paper backing.

**# 4a**

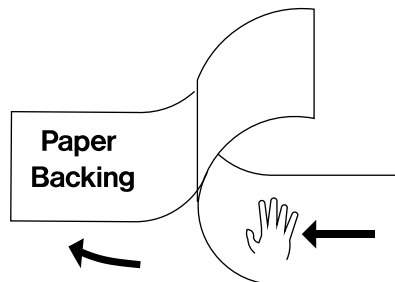

4b- Smooth down this section of sticker to the boat.  
Remove tape from top and bottom edges.

**# 4b**

5- Remove paper backing starting from where the decal is stuck to the hull, smoothing down the decal as you go.

**# 5**

6- Squeegee down artwork to remove all bubbles.  
Best to work from center and go out towards edges, rub down again to be sure.

**# 6**
