

## Yacht Scoring Race Administration: "TO DO's"

Skippers: we are closing in on Saturday's race and I need your assistance. We are all in various stages of getting ready for the start. Please review NOR 4.5 for details.

Attached is the Entry Summary as of 9/2/25 – AM, from YS showing the status in completing your registration. You will need to look at your specific registration for details not shown here. Please help us with the following.

1. **Insurance:** please go into your registration's YACHT SCORING EVENT ADMINISTRATION and on the right side under COMPETITOR NOTES please input your insurance details. **Simply enter the name of the insurance company and that policy number.** Otherwise, you're saying you are not insured which we know is not right.
2. **Crew List:** You may have more crew to add to your list. Please go into your boat's registration and enter your crew, as you know it today and then have your crew go on Yacht Scoring asking them to go to YACHTSCORING.COM to enter their information. **What is most important is that they include their email, cell phone and complete the waiver.** This allows us to communicate with those who will be on the water if there is a need to. Otherwise, they (crew only) will not get any notices unless it comes from the skipper.
